IRELAND'S BEST SELLING INTERIORS MAGAZINE

"I am obsessed with rugs that have bold graphic patterns – they add serious wow factor to room. I've been looking for something like this for years and at last Marks and Spencer have come up trumps with this little beauty."
Zita, Writer. P. 55

"This throne-like chair makes a contemporary statement yet will date very well – a modern classic in the making!"
Alexia, Staff Editor. P. 101

"This stylish tea set would look great on my kitchen table for Sunday brunches. The design and quality appeals to my Norwegian roots and love of all things Scandinavian designed."
Trine, Marketing Coordinator. P.20

"I like this free standing full length mirror as it is quite contemporary and has a lightly retro feel. The use of wood laminate with mirror is a nice contrast, and the round edges add a soft finish."
Lois, Writer. P.20

WE LOVE

The *House and Home* team share their favourite buys for spring.

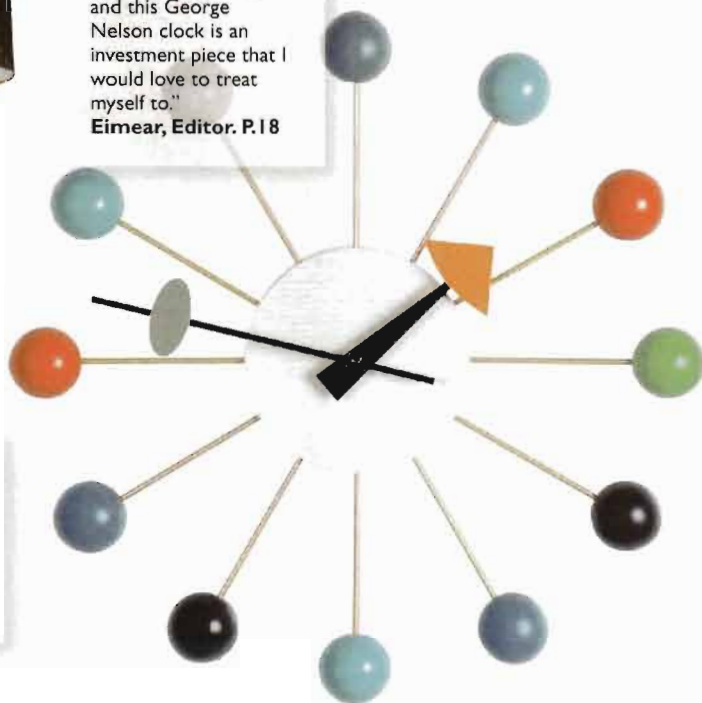

"This chair reminds me of my PJ's and I can see it sitting perfectly in my bedroom."
Neil, Photographer. P. 101

"This lamp is beautifully simple in design and contemporary in style. It would make a great statement in the corner of a room, or over a dining table, as a modern alternative to a pendant light"
Eleanor, Stylist. P.55

"I'm a huge fan of mid 20th Century design, and this George Nelson clock is an investment piece that I would love to treat myself to."
Eimear, Editor. P.18

"This chair is so old fashioned, ideal for just chilling with a cool drink while watching telly – simple pleasures!"
Paul, Photographer. P.101
